**Home Learning Enrichment Programme (choose 1 project from the menu below to complete)**

<b>The Arts</b>	<b>The Social Sciences</b>
1. Engage in a project resulting in a body of work e.g. write a book, compile a book of short stories or poems, compile a selection of	6. Carry out a science investigation of your choice. Show clearly what you are

artwork, compose a piece of music.

2. Construct a 3D model. Write out instructions of how model was made so that others can recreate your model.
3. Make a puppet theatre and some puppets. Write a few lines of dialogue & perform your puppet show for the class.
4. Learn a new skill e.g. knitting, crafts etc.
5. Create a photo story on the computer to present to the class.

investigating and what you have found out. Use photos/drawings.

7. Design a brochure with advice for children on nutrition and healthy eating.
8. Invent something that has a function. If possible make a 3D model of the invention, otherwise provide written details of how it could be made and used.
9. Do a project on nature/ the environment in an area of interest to you. Present to the class.
10. Work as a historian – research a historical event, a historical figure, the history of the area in which you live or your family tree.

Happy Learning!
