

**Home Learning**  
**Week beginning: 15th June 2020**

Below you will find a **suggested** daily schedule! Please note that this outline is only a suggestion. We are aware that there are lots of things happening at home so please do what you feel is manageable. However, we would like to hear from each child **at least once in the week** if it is possible.

For those of you who want some extra challenges, please take a look at our **bonus activity page**.

We are now using Seesaw for most of our activities so be sure to login and you will find instructions and helpful resources for each activity that we set.

Remember, any learning that is saved in the Seesaw journal is private and only the teachers and student can see what's in there. If there is a particular piece of learning, picture or video that your child is really proud of and wants to share with everybody on the class webpage here are two ways to do that:

1. Leave a comment beneath the work on Seesaw telling us that you would like to put it on the website. It could be something like this: "Please share this on the website." If we see that comment, we will do our best to post it.
2. You can still use the forms **here on the First Class pages** on the school website for sending us special pieces that you want to share with the class.

**Here are our learning topics for this week!**

<b>Subjects</b>	<b>Topics</b>
